In Her Marley Home On 95th Birthday**

Mrs. C. F. Haley ("Aunt Libby") resident of Marley since May 3, 1882, who has just reached the 95th milestone.

Mrs. C. F. Haley celebrated her 95th birthday anniversary in her home in Marley Tuesday, January 27. Open house was held during the afternoon and evening, with nearly 75 guests attending from Chicago, New Lenox, Mokena, Lockport, Joliet and Marley. Also among the guests were Mr. and Mrs. Manley Haley and Mrs. Glenn Haley of Villa Park.

Mrs. Haley wore a coral print dress for the occasion. Her corsage was a white carnation. She was assisted in receiving her guests by her two daughters, Mrs. B. Storm of DeKalb and Miss Agnes of Marley. Among the many greetings Mrs. Haley received, was a telephone call from her grandson, Bruce Storm from Los Angeles, Calif. Refreshments were served at a table covered with a lace cloth. Two large decorated birthday cakes centered the table. Miss Bessie Sproat, Mrs. Kenneth Richardson and Mrs. Daniel Sass were in charge of the serving.

Besides her two daughters, Mrs. Haley has four grandchildren, Mrs. Betty Selden of Minneapolis, Minn., Mrs. Barbara Jolley of Monida, Mont., Robert Storm of Corvallis, Ore., and Bruce of Los Angeles. She is also very proud of seven great-grandchildren, Bobby and Ellen Storm of Corvallis; Wm. Bruce Storm of Los Angeles; Betsy Ramsey and Ann Selden of Minneapolis and Scott Jolley of Monida, Mont.

Mrs. Haley, familiarly known as "Aunt Libby", thoroughly enjoys her home, family and friends and has a keen interest in the activities of the community. She is a charter member of the Marley Missionary society and regularly attends the monthly meetings. She is also an active member of the Marley Community church. Among her many blessings are a jovial sense of humor and a remarkable memory.

Mrs. Haley was born January 27, 1858, in Buffalo, New York. When she was five years old she came to Homer township with her father Robert Cooper following the death of her mother. Here she spent her girlhood days and when she was united in marriage on May 3, 1882 to Charles F. Haley, they moved to Marley where she has lived since. Mr. Haley passed away a number of years ago.

For many years Mr. and Mrs. Haley operated a general store, elevator, and post office in Marley.

**MOKENA DOGS,
ON LOOSE, BITE
BOY, WOMAN**

Many complaints have been made to the Mokena Village Board lately about dogs on the loose in the village, and right now this condition seems to be at its peak.

Monday evening at 6 o'clock as Roger Swart, 13, son of Mr. and Mrs. Gerrit Swart, was returning home on his bicycle from his paper route, a number of dogs chased him. One of the dogs was a very large dog. Roger was centering his attention on this particular dog, hoping to escape him, but when he arrived at the corner of Hacker and Denny streets one of the little dogs leaped out and bit him in the calf of his left leg. Five small teeth marks were visible. His parents took him a once to the Hedges Clinic to have the wound treated.

Another report has come to the attention of this paper. As Mrs. Ethel Devlin was walking to Estelle's Beauty Parlor last Saturday morning, she noticed a number of dogs following a truck, and as she neared the parlor, a big black shaggy dog suddenly quit following the truck and rushed over and bit her forearm. Fortunately, Mrs. Devlin had her heavy winter coat on, but even through this coat the dog's teeth marks were made on her arm.

In talking with Mrs. Estelle McElveen, proprietor of the beauty parlor, Mrs. McElveen stated that for the past six months this dog nuisance has been going on. A female dog seems to be on the loose, which all the others appear to be following. The dog pack comes on her porch where they snarl and fight. Recently, one dog engaged in a fight on her porch, had his throat badly torn and bled profusely, until the blood was spattered all over her porch.

The McElveens have two small children, but because of this dog menace, Mrs. McElveen is afraid to allow her children out of the house. Both she and a number of her neighbors, she states, have reported this condition a number of times to the Mokena village board, but no action has been taken up to this time. She feels that inasmuch as the village has passed an ordinance that dogs be picked up if they are running at large and without licenses, some action should be taken to enforce this ordinance.

Mrs. McElveen states that some of her patrons, upon arriving at her place in the evening, explain that their breathlessness was caused by being pursued by one or more dogs which they were hoping to escape. They were fearful of leaving the premises for the same reason, and, says Mrs. McElveen, it is high time that steps be taken to correct this condition before something more serious happens.

**MOKENA BOARD
VOTES TO HIRE
DOG CATCHER**

At the village board meeting held in Mokena Tuesday night, Police Chief Whitney Carter made his report, stating that he had received several calls from people in the village concerning the nuisance of dogs running at large. Mayor Spiess reported that he, too, had received numerous calls about these dogs running around and biting people, and which are becoming a serious nuisance. The board, incidentally, voted to hire a dog catcher to catch these dogs that are running loose. Both Mr. Carter and Mr. Spiess reported that recently a woman and child were bitten, after which lengthy discussion on the dog situation in the village followed.

Mr. W. A. Muehler was presented, and reported on liability and property damage insurance for the village.

Mr. Ed Hentsch, of the street and alley committee, reported that he has had the worst holes in the village streets filled with gravel, and that East Third street will be improved as soon as weather conditions in the spring permit.

The board decided to advertise for bids to paint the water tank.

They again reported, as has been done in previous meetings, that they would wire the Dunham Hardware store so that Mr. Dunham can blow the fire siren from his store.

Schoenck & Son presented their bill for work done in and on the village hall building which included repairing the roof and fire engine room doors, installing storm door at the council room, making cupboards in the building for storage purposes, papering and installing new wainscoting, sanding the floor in the council room, and for erecting an instrument panel for switches.

It had been suggested by Mr. Russell Anderson, trustee, several meetings ago that a new building ordinance code should be drawn up to bring up to date the present one, the present building ordinance having been drawn up in 1950. In order to draw up a new one to replace this one, James Fassett, serving on this committee, reported that he would meet soon with Mr. Edward Breuser, the newly appointed building inspector, and with contractors who live in the village, to study the building code and devise a new one.

**Village Players to
Meet and Rehearse**

The next meeting of the Mokena Village Players will be held Tuesday, Feb. 10 in the school auditorium. At this time the group will rehearse the play "Family Circle" which they will give in the school Friday and Saturday, Feb. 13 and 14.

"Family Circle" depicts three days of the life of Cornelia Otis Skinner and her friends in 1920 which brings out many amusing incidents. It is a play which everyone will enjoy and will be glad they saw it. The cast is working hard to bring it to a fine performance.

**SANGMEISTER
ELECTRIC SALES
IN NEW HOME**

The Sangmeister Electrical Sales, which has been located in the former Citizens bank building, on Kansas street in Frankfort since 1946, is now located in their own new building.

The new building into which the company moved last week is located on the same street a block farther east. It is the only new and completely modern building on that street; in fact there is not another building quite like it in Frankfort. The building is 40 by 50 feet, and has a showroom 40 by 30 feet. It is built of cement blocks and brick across the front, with a modern slanting glass front. Construction started last August. The building includes the showroom, a storage room and an office.

George Sangmeister, the proprietor, is a native of Frankfort, and has been mayor of the village for 17 years. He is well known for his integrity and fair dealing in all business matters. When his son returns from army service he will be a partner with his father. Meanwhile Mrs. Sangmeister assists in conducting the business.

Mr. Sangmeister deals in all kinds of electrical appliances for the home. To mention a few, TV sets, radios, deep freezers, refrigerators, and many other nationally advertised brands of electric appliances.

As soon as Mr. Sangmeister is completely established in his new building he plans to hold a grand opening.

**Baby Born as Police
Relays Instructions
To Hubby Via Phone**

(CNS) A baby boy was born to Mrs. Jeanne Neubert, at her home, 5700 West Turnpike road Bremen township, Tuesday night under extraordinary circumstances. Mrs. Neubert and her husband, Clayton, both 25, were at home when time began running out on the prospective mother. The husband put in an emergency call to the family doctor, who was not in at the time but the doctor's wife suggested that they call a Dr. John F. Van De Roovaart, in Blue Island. Unable to reach Dr. Van De Roovaart, the husband called the state police in Blue Island.

The desk sergeant, Clifford Dreyer, sent two officers post haste to the house, telling Mr. Neubert that in the meantime he would try to get hold of the doctor. The sergeant tried to locate Dr. Van De Roovaart, but finally did. While the two policemen were on the way the sergeant talked to the doctor or one phone and to the husband on the other, as the birth was imminent. The doctor gave the sergeant definite instructions, which were immediately relayed to the husband, who was playing the role of midwife, a la telephone.

Mr. Neubert didn't do so badly, for, just as the baby was born the two excited policemen, Albert Greco and Anthony Yucevius burst in. They were in time to help the husband tie the cord and thus complete the operation. Dr. Van De Roovaart arrived about 20 minutes after the baby was born and said that mother and baby were doing fine.

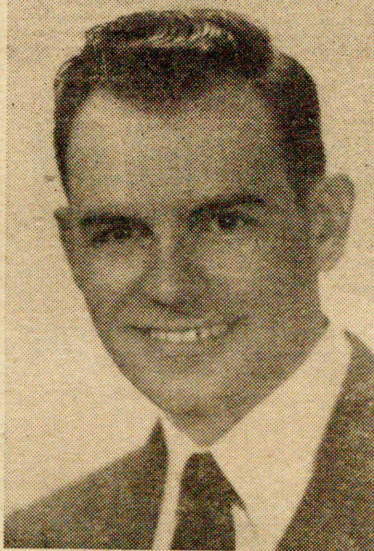

Incidentally, the baby boy weighed exactly seven and a half pounds.

Mr. Neubert operates a gas station at 139th and Cicero avenue. The Neuberts have two other children, Clayton Jr., 5 and Vivian Carroll, 3.

**MOKENA LIONS HOLD CHARTER
NIGHT; 200 PERSONS ATTEND****To Review Sandburg
Book Telling of
Early Settlers Here**

The Mokena Book club will meet in the home of Mrs. Philip Lenz on Wolf road Friday evening, Feb. 6. At this time Mrs. J. Doyl will review the latest book written by Carl Sandburg, "Always the Young Stranger", recently off the press.

This book is particularly of interest to Mokena and Frankfort area as Sandburg makes mention of early settlers in this locality. To quote from The New York Times Jan. 4, from its book review section: "He (Sandburg) tells of a Galesburg girl named Adaline Hurd, who 'was not hard to look at' and who had been chosen to read the address of welcome to Abe Lincoln when he came to town, (19 years before Sandburg was born) to engage in a debate with Stephen A. Douglas. She married a young telegrapher from Joliet, William Cornelius Van Horne who was later knighted by Queen Victoria because he built the Canadian Pacific railroad. Honored and enriched by a mighty empire, Sir William stipulated in his will that his remains be returned to Illinois for burial."

It has been brought to the attention of The News-Bulletin that the Sir William Cornelius Van Horne was the son of the first Van Horne who owned and settled in Frankfort township on Hickory creek, and that settlement is now the Van Horne forest preserve.

The Will County history book of 1878 tells of the coming to this Hickory creek area a Mr. Cornelius C. Van Horne in 1832 from New York, and also a Matthew Van Horne from New York who settled here that same year.

SCOUT WEEK FEBRUARY 7-13****Leigh Kropp To Be
Married February 13**

Mr. and Mrs. Melville Joy of Dixon, Calif., are announcing the approaching marriage of their daughter Miss Patricia Joy to Mr. Leigh William Kropp. The date of the wedding has been set for Friday evening February 13 at 8:30 o'clock in St. John's Evangelical and Reformed church at Mokena. Rev. William Riemann will officiate. All friends and relatives are invited to the wedding and the reception which will be held in the church parlors immediately following the ceremony.

ANNOUNCE ENGAGEMENT

Mr. and Mrs. Edward Warrington of Frankfort are announcing the engagement of their son Dale to Miss Ebba Faaborg, daughter of Mr. and Mrs. Fred Faaborg of Detroit, Mich. The date for the wedding has been set for April 18.

Last Saturday night the Mokena Lions held their Charter Night celebration in Sst. John's church parlors, Mokena—an occasion to be remembered. More than 200 persons were in attendance. The program had been arranged by John Scarth of Mokena, and every lady attending was presented with a carnation corsage.

Mokena president, Raymond Hoolahan, called the meeting to order and introduced Mr. Don Wennlund, of the New Lenox Lions club, who was the witty and capable master of ceremonies. Mr. Crawford, of the Joliet Lion's club, was song leader, and Miss Jean Cooper, of Mokena, presided at the Hammond Electric organ which had been loaned for the occasion by the Fowler Music store in Joliet. During the evening she played a selection entitled, "Jealousy", which was well rendered, as well as other favorite numbers.

After the singing of "America" and the pledge of allegiance, Rev. William Riemann, pastor of St. John's church, gave the invocation.

A sumptuous beef dinner was served by the Women's Guild of the church. A festive, spring-like note was added by the tables which, here and there, were adorned with flower pots of dandelion blossoms, made by Mrs. John Scarth of Mokena.

During the course of the evening a great deal of merriment was occasioned by a live wire "tail-twister" from the Joliet club who, with his large kitchen pan, seemed to be doing a wonderful job of drumming up funds to add to the pot. He managed to find something wrong with nearly everyone he approached, whereupon the demand was made to kick in to the "kitty" some small amount as a "penalty."

Following the dinner, Don Wennlund presented the program.

Mr. Harold Schmitz, district governor of Lockport, presented the charter to the Mokena Lions club, which was accepted with a few appropriate words by President Hoolahan.

Mr. Roy Pfeiffer, president of the New Lenox Lions club, which sponsored the founding of the Mokena club, presented a gavel and bell to the Mokena club.

Mr. Gene Reynolds, International councillor from Joliet, presented a special award to Mr. Les Brownlee of Mokena, and Mr. Don Wennlund, both of the New Lenox Lions club. It was a Lion's watch charm.

The address of the evening was given by Mr. Frank Masters, State's Attorney of Will county, who gave an interesting resume of the work that has come under his jurisdiction during the past month, since he has assumed office.

An interesting slight-of-hand and magic skit was given by Willie and Millie, magicians, of Chicago, relatives of Mr. Lyman Teague, of Mokena.

Among those present were Mr. A. L. Hutson, international councillor and Adam Murray, district governor, both from Bloomington, who spoke a few words of greeting to the assembly. Also present were representatives from the Lions clubs of Joliet, Orland Park, New Lenox, Lockport and Lemont.

IN MEMORIAM
In memory of William Grosskopf, Jr., who passed away one year ago February 9.
His smiling way and pleasant face,
Are a pleasure to recall
He had a kindly word for each
And died beloved by all.
Some day we hope to meet him
Some day, we know not when
To clasp his hand in the better land.
Never to part again.
Loving wife and son Gerald,
Father and mother,
Brother and sister

W. CLAY FORD TO PACE 500-MILE SPEEDWAY RACE

William Clay Ford, a director of Ford Motor company and grandson of the late Henry Ford will drive a 1953 Ford Sunliner convertible to pace the 37th annual 500-mile automobile race at the Indianapolis Motor Speedway May 30.

Selection of a Ford-built passenger car to lead the field across the starting line in the International Classic for the fifth time was announced by

Wilbur Shaw, president and general manager of the Speedway, at the traditional pace car party Monday night, Jan. 26, at the Indianapolis Athletic Club. Shaw will ride with Ford on the pace lap, and the Sunliner, biggest selling convertible in America, will be presented to the winning driver at the annual Victory Dinner the night following the race.

Entries for the race will be accepted until midnight, April 15, and an all-time record total of more than 80 cars probably will be maintained. Only the 33 fastest entries, however, will be permitted to compete for the huge purse which has exceeded \$200,000 annually for the past three years. Time trials, beginning May 16, will determine the starting field.

Ford has been associated with the Indianapolis race for almost three decades and William Clay Ford will follow his father and two elder brothers as driver of the pace car for the world-famous event at the two and a half mile oval.

The late Henry Ford was intensely interested in the yearly event and served as honorary referee for the 1924 race. His only son, the late Edsel Ford, drove the 1932 pace car—a Lincoln.

Henry Ford II, president of Ford, paced the 1946 race in a Lincoln Continental, and his brother, Benson, company vice president and head of the Lincoln-Mercury Division, drove a Mercury pace car in 1950.

Believes Drainage Problem Includes Three Counties

(CNS) An area wide attack on chronic flooding of residential areas in Cook county gained headway recently as a county board committee ordered a study of state and federal participation in the plan.

On recommendation of Commissioner John J. Duffy, the committee ordered board attorney Milton Miller to confer with the state highway department. Aim of the conference is to determine whether the state and federal governments can be enlisted to aid.

Earlier in the drainage committee meeting, James F. Kelly, assistant chief engineer of the highway department, recommended a three-county approach to the drainage problem. He pointed out that the geographical drainage areas extend beyond Cook county and that DuPage and Will should be included if the program is successful.

Miller recommended amendment of state laws on local drainage authorities. The law, he said, is unwieldy and should be brought up to date.

Duffy pointed out that the county board is receiving numerous complaints of flooding. Said he, "It's a serious problem

but the power of the county board is limited by law. I think we should lay our cards on the table and let the people know what we can do and what we can't do. There is no sense in receiving complaints week after week and not letting them know how far we can go without being stopped by legal restrictions."

The problems facing the board stem from several conditions. Chief among these are the undeniable facts that water flows downhill and roofs and streets are designed to shed water.

The rapid buildup of residential and industrial areas in the suburbs in recent years has brought more roofs and roads and reduced the amount of farmland to absorb rainwater as it falls.

Existing creeks have been unable to carry the rapid flow of water from built-up areas and overflow their banks.

The natural land contours result in three major drainage basins. Chief of these is the Des Plaines river valley, which extends north into Wisconsin and

south to Will county. An adequate drainage system may be swamped when there is heavy rain to the north and storm water rolls down streams to the south.

The tri-county drainage authority proposed by the highway department would take this condition into consideration. As currently proposed, it would exempt Chicago property owners from paying taxes to develop drainage projects for suburban

areas. However, considerable objection is expected to develop in county towns such as Evanston and Oak Park where there is a heavy property assessment and local drainage systems in general are functioning adequately.

It is expected that the study of possibilities of bringing in the state and federal governments to pay part of the cost will last until April, at which time drafting of legislation for presentation in Springfield will be brought near completion.

HOMER

Lockport, Ill. 1
Telephone Lockport 1387M

The Homer Woman's club will meet in the home of Mrs. Clarence Wies Wednesday afternoon, Feb. 11 with Mrs. Edward Daley as assisting hostess. A blind auction will be a feature of the day and dessert-coffee will be served at one o'clock.

The barn at the Bror Astrom home on 143rd street was badly damaged by fire Saturday, believed to have been caused by children playing with matches. The local fire department, two engines from Lockport and one from Lemont, went to the rescue, and succeeded in saving an attached chicken house and a nearby garage. Hay and grain stored in the barn were rendered unusable.

Mr. and Mrs. George Burcham and family returned Sunday from Decatur where they had been called by the death of his father. Funeral services were Saturday at Decatur. The elder-

ly man has been ill for several months.

Victims of the flu during the past week were the George Welter family, Becky White, Mr. and Mrs. Owen Storm, Eugene Anderson, Davy Sproat, Charlene Jensen, Harold Drewes, and George Ott. Mr. Ott was removed to Silver Cross hospital Saturday morning, because of the seriousness of the attack, and also a heart and throat ailment which have been troubling him. He is somewhat improved at this time.

Mrs. F. J. Paddock went to Chicago Saturday where she will spend a month with her sister, Mrs. G. L. Reed.

Mr. and Mrs. Harry Reed were dinner guests of their son Elwyn and family, Saturday, in celebration of the birthday of their granddaughter, Donna's birthday.

Mr. and Mrs. Otto Konow were Chicago business visitors Friday.

Mr. and Mrs. Frank Hartman of Blue Island were visitors at Owen Ott's and at Silver Cross hospital to see Mrs. Hartman's father, George Ott, Sunday.

The good sized crowd which gathered at Homer church Saturday evening to see the European pictures presented by Mr. and Mrs. B. D. Brankey, found them to be highly entertaining and instructive, and are looking forward to next Saturday evening when the tour which the Brankeys took last fall, will be completed via pictures. The witty and appropriate remarks with which Mr. Brankey accompanies the pictures are an interesting part of the program.

The organ fund for the church was well increased by the free will offering which was taken. A capacity crowd is expected the evening of the seventh at 7:30.

The Missionary society meeting held in the Henry Burch home last Thursday was well attended. Among the guests were Mrs. Stanley Coe of Marley, Mrs. Charles Goss, Mrs. Adella Paddock, Mrs. Mary White, Mrs. Nile White and Mrs. J. T. White all of Lockport, and Mrs. John Loucks and daughter Norma of here. Mrs. Loucks became a member of the group. The new president, Mrs. Frank Parker, appointed committee chairmen for the coming year as follows: devotional, Mrs. Robert Burch; ways and means, Mrs. Roy Parker; Mrs. Robert Shepherd and Mrs. F. J. Paddock; fancy-work, Mrs. Wrey White; aprons, Mrs. C. J. Rowley. Mrs. Shepherd and Mrs. H. V. Drewes will be the February hostesses.

Robert Burch and John Loucks went on the tour sponsored by the Farm Bureau Friday to inspect hay-silage practices at several farms in Will county.

Mrs. Frank Sproat of Joliet visited in the Harry Sproat home Saturday.

HOMER CHURCH

Rev. H. M. Finley, pastor—Walter Boyce, superintendent—Sunday school and church services were held in the church basement last Sunday morning and will continue there until the auditorium is completed, beginning at 9:45 a.m.

New Life for Old Barn

A CREAKY, unsightly barn or other farm building can be given a new appearance and a longer life by simply covering the unsightly exterior. By using a durable yet inexpensive material, the owner can salvage the old building, make it presentable, and save the cost of a new structure.

Perhaps the old building will serve in its sorry-looking way, but maybe a wind storm will flatten it and any hope of salvage. It's smarter to fix up the old place and protect the investment.

If the framework has sagged, of course, it is a good policy to have a barn raiser get the building straightened up before anything else is undertaken.

The old boards should be renailed, where necessary, and missing boards replaced before re-siding the building with Masonite 3/16-inch Tempered Presdwood, which comes in panels 4 feet wide up to 12 feet long.

These tough, strong panels of pressed wood fiber have the advantages of being long-lasting, resistant to weather and wear, rigid but light in weight, and easy to install. Their smooth, hard surface can be painted any color desired. Screen sides of the panels should be scrubbed with water and stacked, moist sides together, for 24 hours before being applied. The stack should be covered to retain moisture.

Each panel, while still damp, is nailed first through the center. Edges are nailed last. Panels ordinarily are applied vertically and brought to moderate contact. Batten strips of the same material, approximately 2 1/2 inches wide, are applied over the joints,

Not for Sale

Lesson for February 8, 1953

IF THE modern reader of the parable of the laborers in the vineyard is puzzled, he at least has the comfort of knowing that great Bible scholars have been puzzled too. He also has the discomfort of knowing that no interpretation he can put upon it will have unanimous agreement. To be sure, there are some things it does not mean. This parable does not give a model for labor and management. Jesus was not talking about wages literally. He was saying something about God, and his dealings with man. Furthermore, this parable does not mean that God's only reason for doing things is "because;" that he is one whose acts have neither rhyme nor reason. But what does this parable mean? Among the various plausible interpretations that have been given it by Christian thinkers, let us pick out one of the most important truths that this peculiar story suggests.

Nothing to Sell

That truth is: The grace of God cannot be earned. To desire the loving favor, the "grace," of God, is to desire the greatest gift God can bestow. But it cannot be bought. It cannot be earned. We can see that this is true by thinking a moment. Think whose it is. We can pay for business favors, we can tip a waiter or a porter for doing something special for us; but we can't tip God. We can employ the services of all sorts of people; but God's services are not for hire. We can earn anything on earth, or many things; but the grace of God is from heaven. What he does for man is a gift, not a payment.

And then think who we are. Suppose we really thought we could do a bookkeeping business with God. If we get it into our foolish heads that he owes us something, what about our debt to him? If we must have it on a bookkeeping basis, we shall always be in the red.

Earning God's Grace

Still, the race of man includes many fools. And some of these have tried to do the impossible, to earn the infinite grace of God. One way they have tried is to buy it. A lifelong rascal's conscience will finally begin to hurt him, and so to get God on his side he will build a cathedral or endow an orphanage or pour money into some church treasury, hoping that God will overlook the villainous ways in which he earned the money because of the pious way in which he spends it. Other men (a little more on the "religious" side) seem to think they can sweet-talk God into being their friend. They would not put it that way; they would say that God will listen to their many prayers. Do they not regularly attend prayer meetings, or early communions, and should not God be expected to do something for them in return?

Others, again, hope that God can be made to feel so sorry for them that he will pour out on them his special grace. If they do not have natural troubles they will make artificial troubles for themselves. They will go without proper food and clothing, they will wear hair shirts or iron chains around their waists, they will roll on beds of spikes or go without baths for years and years. But God's grace does not go to the highest bidders; it does not go to the most long-winded prayers; it is not offered as a reward for self-inflicted wounds. God's grace must be taken as a gift, or not at all.

Grace and Gratitude

Then does it make no difference what we do? Will God be just as good to us, no matter what? Shall we even "do evil that grace may abound," that is, shall we make God's grace even more gracious by being as bad as we can be? Not by any means. The truly good life is not a way of earning the grace of God; it is a way of responding to the grace of God.

Some one has said that religion is gratitude. Religion is our response to God, not his to us. Religion is our reply to the infinite goodness of the Almighty, not his reply to our part-way, badly mixed and human goodness. Indeed, the good life is more than a lifelong act of gratitude; the good life itself is the effect of God's grace.
